Topps is thrilled to announce the release of a brand new collector tin for the 2026/27 season - the **Paris Saint-Germain Collector Tin 2026/27**.

The **Paris Saint-Germain Collector Tin 2026/27** brings the excitement of Paris Saint-Germain trading cards to fans and collectors alike. Featuring 35 cards, this release is packed with big names from across generations, all in a premium collector tin.

Every tin includes two sequentially numbered parallel cards, giving collectors a guaranteed hit in every opening while lucky tins also contain special autograph cards.

Start your collecting journey with the **Base Cards** showcasing today's first-team men's favourites, alongside emerging young players who represent the future of the club. It's the perfect way to start or grow your Paris Saint-Germain collection.

Brand new for this season, the **For The Badge** subset celebrates players whose passion and dedication have left (or will leave) a lasting mark on the club, mixing modern heroes with historic icons.

For the second-year running, chase the **Gold Vault Limited Edition cards**, featuring a bold gold design and a premium checklist that highlights the very best Paris Saint-Germain players, past and present.

Finally, **Base Card Autographs** bring even more excitement, with signatures from a selection of current and ex-Paris Saint-Germain players. Look out for the ultra-rare 1/1 Gold Foilfractor Autographs, a true collector's dream.
